

Environmental Policy

The Identive ID Infrastructure Division is a leading provider of solutions for secure access, secure identity and secure exchange. The company offers the world's broadest range of contact, contactless and mobile smart card reader and terminal technology, digital identity and transaction platforms, as well as systems that integrate physical and logical access control. The company is committed to conducting business in a manner consistent with the efficient use of resources and materials, and the preservation of the natural environment.

Specifically, we commit to:

- Comply with applicable federal, state and local environmental laws and other environmental requirements to which the organization subscribes,
- Continuously improve the environmental management programs through the setting and review of environmental objectives and targets,
- Work together with our suppliers and contractors to enhance our environmental management programs performance,
- Communicate all pertinent environmental issues to all affected employees,
- Make our environmental programs an integral part of current and changing business strategies,
- Train and develop employees to conduct their work in a manner that will achieve the organizations policy and objectives,
- Communicate the policy to employees and all interested parties and make the policy available to the public.

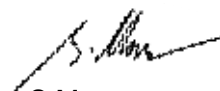

Identive's ID Infrastructure Division recognizes that sound environmental management is a key contributor to customer and shareholder value. Through a policy of continuous improvement, the implementation of Environmental Management Programs, and the setting of targets and objectives, the ID Infrastructure Division will meet and will strive to exceed all relevant environmental laws, regulations and agreements in reference to our activities, products and services.

To this end, we shall manage environmental initiatives as an integral part of current and future business strategies and communicate, direct and manage this environmental policy across organizational and functional lines.

Implementing and maintaining this policy is a primary management objective.

Dr. Manfred Müller
